GREAT GIFTS FOR ...

THE BIRDER: Birds, birders or someone who should be a birder will truly enjoy any of these gifts.

"Oklahoma Birds" is a compact guide to the many species of birds found in Oklahoma. Whether for a novice bird watcher or an experienced birder this book is the one to get. Containing more than 100 illustrations, it will help identify backyard songbirds, soaring hawks, or waterfowl.

New this season is the red filigree hummingbird feeder with three ports. Etched with the beautiful design of graceful hummingbirds feeding from sweeping floral vines, this feeder will please any bird lover. Holding 16 ounces of nectar, it will feed throngs of voracious hummingbirds.

This attractive etched recycled blue glass seed trumpet feeder will provide hours of bird watching opportunities. The signature seed trumpet holds 40 ounces of any kind of seed; its metal tray removes for easy cleaning and refilling.

Wild birds need sources of water for drinking and bathing all year round. The addition of one or more birdbaths provides an oasis for wild birds while incorporating another beautiful sculptural element into the garden.

Small songbird statues make charming little gifts for indoors or the garden. Birds can perch atop a small mound of books on a table or bookshelf or serve as bookends. Nestled in greenery, they enhance a container planting. Adorning a birdbath, they complete a garden scene.

Its brilliant red plumage and distinctive profile has always made the cardinal a dramatic feature in winter garden scenes. New this year to the Campania bird collection, the cardinal's highly defined feathers and topknot will add natural character to any garden season after season.

FOR THE ENTERTAINER:

Melamine is back! The ultimate in versatility; you can use it fearlessly outdoors and it looks so good you can use it indoors. The rich colors of the plates, serving pieces,

or cheese boards will enliven any table and pair well with a number of beautiful tea towels. They are an easy to give hostess gift and delightful to receive.

Precious melamine dipping bowls are small works of art that will hold just enough of any favorite dipping sauce. Put together a package of three or six for a darling presentation.

The French have the innate talent to create casual elegance in dining accessories, particularly evident in table cloths. In rich red and gold, they are particularly suited to this time of year, echoing the brilliance of the season and adding the appearance of a sunny day even when there is none. Atop a table indoors or in the garden, their style is flawless. Coated in Teflon, they can be wiped clean, requiring machine washing once annually.

FOR THE GARDENER:

When a gardener finds the right garden glove, it is an occasion to celebrate. Weeder Gloves are sensitive and comfortable for general gardening. Sun Grips and Tool Grips are even cooler for summer use. All have reinforced fingertips. Wonder Gloves fit higher up on the arm and are waterproof, ideal for working with water, mud, or chemicals. In a variety of colors, easy to mail, they are useful small gifts and stocking stuffers.

Our 7 gallon plastic trugs are ideal for carrying tools and collecting clippings, and all manner of garden debris. For a very nice gardener gift, fill one with gloves, a book, and tools.

The right tool for a job makes a healthy garden and a satisfied gardener. Any gardener will rejoice after using Joyce Chen Garden Scissors and Felco pruners. Ergonomically designed to make clean cuts with minimal impact on pressure points, Felcos are necessities for everyone.

FOR THE DECORATOR:

Outdoor decorator pillows add richness and the look of comfort to hard surface patio areas. From whimsical pink and lime green floral prints to earth tone stripes and jewel tone holiday pillows, there are designs for every season.

Outdoor rugs also add richness and depth to patio areas. Placed under furniture, they give importance to conversation and dining areas. Of recycled plastic, they are extremely durable and fade resistant; refresh with water hose. They are made in sizes 4'x6' to 6'x9', in colors from light lime green to brown earth tones.

Garden statuary is a unique gift that can reflect a passion, such as dear pets. Our newest shipment contains a number of statues of cats and dogs of various sizes and breed types.

Often they are mistaken for live animals in customers' gardens and patios. No maintenance or grooming required; one even comes with removable stick for playing fetch. Other cute rabbits, turtles and mice are ready to be adopted, too.

Redecorate the entry of your home before the holidays and parties. We have received literally tons of new pots in cast stone such as this from the Smithsonian Collection, as well as a selection of unique glazed terra cotta.

Give someone who has been really good this year a fountain. Choose from a variety of styles and sizes. We provide free delivery in the Metro.

Give a year of festive garden flags to mark the approach

of each season. Children, grandchildren, family members and friends of all ages enjoy putting out a New art flag as a way to welcome seasons, birthdays and holidays. Easy to install, the flags are weather and fade resistant, and fun to receive. You can never have too many!

FOR EVERYONE:

Spicy apple botanical candles fill your home with the delicate scent of apple pies, especially delightful at this time of year. These make very nice company gifts, or gifts for anyone, including you. Reed

diffusers in the spicy apple scent are also available.

Wind chimes make an everlasting gift that calms the spirit. When the wind catches the wooden sail, the sound produced is like gentle music. Ours are actually made in the Appalachian Mountains, and are specially tuned with harmonious tones. The chimes come in a variety of colors and sizes; the tonal range is determined by the size of the tubes. A new shipment arrives this week for a great selection.

DECEMBER TO DO LIST

- Order annual seeds or organize the ones you have.
- Plant fruit trees, roses, and other trees.
- Mulch herbs if the weather gets cold.
- Plant daffodil and tulip bulbs.
- Cut back on watering and fertilizing house plants. Water when dry to the touch, fertilize in March.
- Use citrus fruits and garden findings such as rose hips and pine cones to help decorate your home.
- Lightly trim magnolias, hollies, and other evergreens for indoor decorating.
- December 21 is the winter solstice; each day afterwards is a little longer.
- Stay well and
- **Have HAPPY HOLIDAYS!**
